Free and Open Source Software

Policy, Law and Practice

Edited by

NOAM SHEMTOV
& IAN WALDEN

OXFORD
UNIVERSITY PRESS

Three key themes

FOSS strategy and policy

Licensing own code under FOSS

Using third party FOSS

FOSS strategy and policy

FOSS strategy

“We use FOSS to...”

not “We use FOSS because...”

FOSS policy

Use of FOSS in products

Use of FOSS other than in products

FOSS in inbound supply chain

Releasing code as FOSS

Handling exceptions

Why pick a FOSS licence for own software?

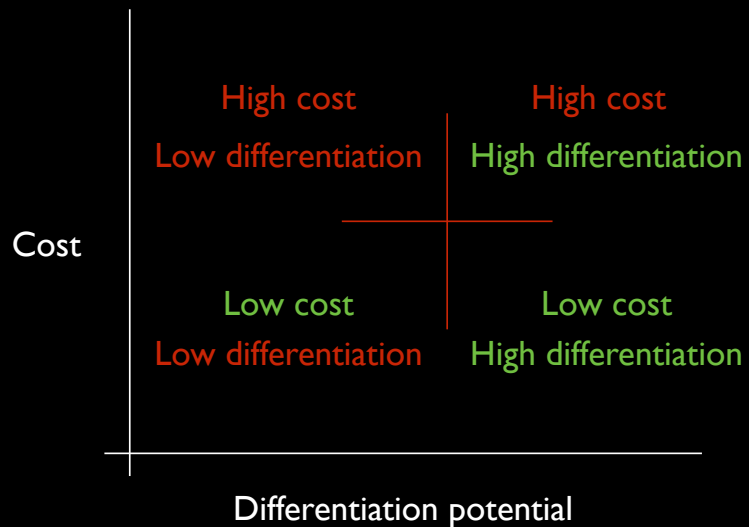

Build a community

Undercut a rival's investment

Desirable sales pitch

When might a business use third party FOSS?

Focus spending on differentiation

Three key themes

FOSS strategy and policy

Licensing own code under FOSS

Using third party FOSS
